

Summary of the February 2017 Meeting of the Board of Trustees

In February, as always, we had a busy and productive Board meeting. After many months of work from our Board VP, Steve Eckstrand, and in collaboration with our LMC, we passed our newly revised [Policy for Considering New Programs or Initiatives](#). In addition, we also had an informative discussion about the Conflict Resolution Policy, which is currently being revised by our Committee on Ministry. I am so grateful for everyone's dedication to revising UUCR's policies. Thank you! We spent the end of our meeting preparing for our task of revitalizing and rewriting our Mission Statement. Our focus on Future Planning makes this the perfect time for this type of work.
