

Summary of the March 2017 Meeting of the Board of Trustees

The Board had several important reports shared at our March meeting. Our DRE, Dayna Edwards, spoke about her future vision for RE and introduced us to the idea of the Family ministry model. The Board approved withdrawing our money invested in the UUA. The board reviewed Investment Committee strategies that will be discussed in depth next month. We also had a Future Planning update, as our 2nd Day of Reflection is upcoming. Our Canvass Co-chair, Bill Hurlbut, led a discussion of the progress with pledging thus far. This was a good opening segment for our Board consideration of the idea of a Minimum pledge. This conversation is important as it is a potential component of our Membership Policy and the Membership Roll Review Policy which are currently under revision.
